

**AMENDMENTS TO THE SPECIFICATION:**

In reference to the published application, the following amendments to the specification are requested:

Change(s) applied to document, /M.K.Y./ 11/5/2011

Paragraph [0017] line <sup>7</sup>10 has a typo in it. "FED" should be changed to "FEC". Figure 2, item 136, to which is refers is correct.

The use of the word Wavelet-like is imprecise. The term should have been "Wavelet-based", similar to our use of the word "FFT-based". We believe changing the word to "Wavelet" is the clearest option consistent with the Specification.

Change "Wavelet-like" to "Wavelet" in paragraphs:

[0021] Line <sup>6</sup>~~9~~

[0022] Line 2-3

[0023] Lines <sup>1 and 6</sup>~~2 and 8~~
